

6<sup>th</sup>

# APFSRM 2024

Asian Pacific Federation of Societies  
for Reconstructive Microsurgery

16<sup>th</sup>

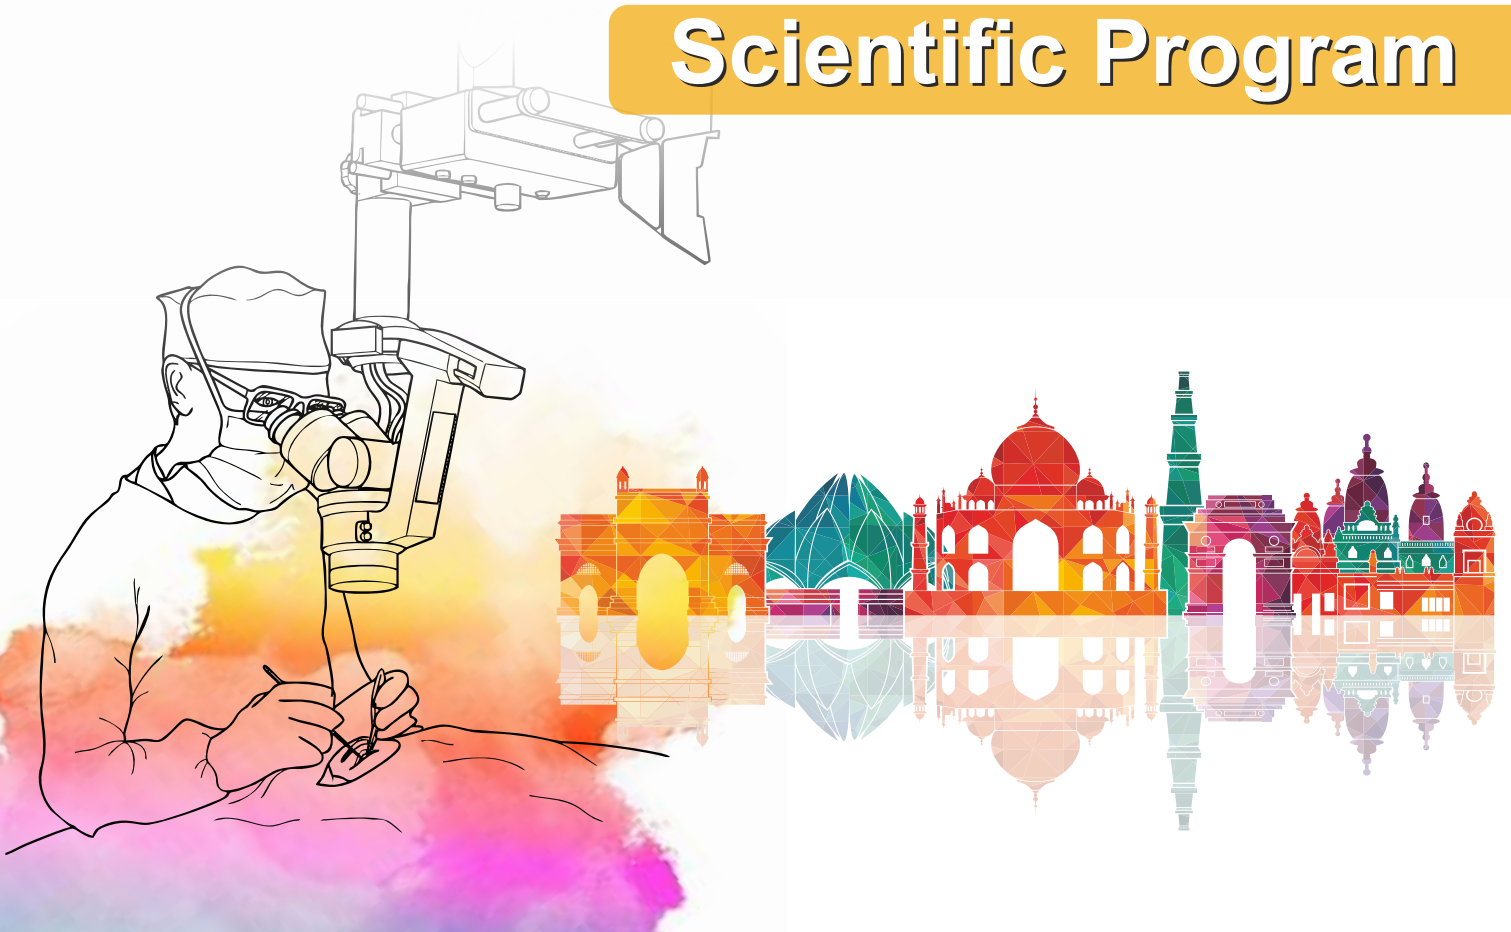

# ISRM 2024

Indian Society for  
Reconstructive Microsurgery

7<sup>th</sup>-10<sup>th</sup> March, 2024 | New Delhi, India

***Theme: C&E - Collaborate & Excel***

**Scientific Program**

# Thursday, 7th March, 2024

8:00 AM – 9:00 AM	Registration			
9:00 AM – 1:00 PM	Video Session (10 mins each)			
9:00 AM-10:45 AM	Hall A- Basic Free Flaps Chairpersons - Dr. Dushyant Jaiswal, Dr. Hardeep Singh	Hall B - Complex Flaps Chairpersons - Dr. Saumya Mathews, Dr. Bhaskara K.G.	Hall C - Techniques Chairpersons - Dr. Somashekhar L.S., Dr. Subashini R.	
	Dr. Vineet Pilonia Anterolateral thigh(ALT)Free Flap	Dr. Rajesh Yellinedi Split Anterolateral thigh (ALT)	Dr. Rajan Arora Coupler Anastomosis	
	Dr. Hari Venkatramani Gracilis Flap	Dr. Umesh Bansal Fibula with chimeric skin islands	Dr. Rajendra Nehete Finger Replant	
	Dr. Rajendra Nehete Latissimus Dorsi Flap	Dr. Mohit Sharma FFMT for facial palsy	Dr. Subhash Kale NPWT for free flaps	
	Dr. Selva Seetharaman Free Fibula	Dr. Rajendra Gujjalvanar Laparoscopic omental harvest for lymphedema	Dr. Sanjay Mahendru Cerebral revascularization	
	Dr. Akshay Deshpande Radial Artery Forearm Flap(RAFF)	Dr. Gopi Renganathan Profunda Artery Perforator (PAP) Flap	Dr. Prabha Yadav Fibula Osteotomy & Contouring	
	Dr. Raja Shanmuga Krishnan Latissimus Dorsi for Partial Breast Reconstruction	Dr. Gautam Biswas Proximal Peroneal Artery Free flap	Dr. Rajendra Gujjalanvar LVA	
	Dr. Prashant Puranik DIEP with VLNT	Dr. Dhanushya Gohil Radial Artery with Palmaris Longus for Commissure	Dr. Ruben Kannan How to raise vascularised nerve graft/flap	
Dr. Vamseedharan Muthukumar Medial Plantar Artery Flap for heel defect in diabetic foot	Dr. Vimalendu Brajesh LYMPHA- Lymphatic microsurgical preventive healing approach	Dr. Abhijeet Wakure Ligaclip Microvascular Anastomosis		
Dr. Prashant Puranik Ulnar artery flap	Dr. Bauback Safa Radial Artery Forearm Flap for Phalloplasty			
10:45 AM - 11:00 AM	Tea / Coffee Break			
11:00 AM - 1:00 PM	Hall A - Basic Free Flaps Chairpersons - Dr. Ravikiran Naalla, Dr. Suvashis Dash	Hall B - Complex Flaps Chairpersons - Dr. Sathyaswarup Tripathi, Dr. Ritesh Panda	Hall C - Techniques Chairpersons - Dr. Akshay Deshpande, Dr. Viraj Tambwekar	
	Dr. Venkatramakrishnan Transverse Upper Gracilis(TUG) Flap	Dr. Manish Jain Suprafascial ALT harvest	Dr. Sanjay Mahendru CAD CAM in Mandibular Reconstruction from planning to execution	
	Dr. Raghuvir Solanki Medial Sural Artery perforator (MSAP) Flap	Dr. Prashant Puranik Osteocutaneous Scapula with LMC Flap	Dr. Sanjay Mahendru Temporalis Muscle transfer with masseteric nerve transfer for facial re-animation	
	Dr. Rambabu Nuvvula Lateral Arm Free Flap	Dr. Dushyant Jaiswal Lateral Border Scapula With Parascapular Flap	Dr. Dong Chul Lee Tips And Tricks In The Management Of Avulsion Amputation Of Finger	
	Dr. Leena Jain Medial Femoral Condyle (MFC)	Dr. Samreen Jaffar Chimeric ALT TFL Flap	Dr. Jyoshid R. Balan Contralateral C7 Transfer-Wong's Transfer	
	Dr. S. Raja Sabapathy Second Toe Transfer	Dr. Mayur Mantri Submental flap with LN harvest	Dr. B.C. Ashok Lympha(Lymphatic Microsurgical Preventive Healing Approach)	
	Dr. Raja Tiwari Parascapular Flap	Dr. Adhish Basu Radial Artery Forearm Flap for Palatal Defect - Post RT Post Neck Dissection	Dr. Hardeep Singh Endoscopic assisted LD harvest	
	Dr. Leena Jain Thoracodorsal artery Perforator(TDAP) Flap	Dr. Mohamad Rachadian R. Feasibility of Tommy transfer technique for direct and nipple neurotisation in breast reconstruction cadaver study and clinical application	Dr. Adhish Basu IMA Donor Vessel Dissection & Anastomosis for DIEP flap	
Dr. Sandeep B Superficial Circumflex Iliac Perforator(SCIP) Flap	Dr. Amresh Baliarsing Double barrel fibula for mandible reconstruction	Dr. Mayur Mantri Mapping of Lymphatics using ICG fluoroscopy		
Dr. GS Kalra Parascapular elevation, thinning and application	Dr. Karnav Panchal Chimeric Bipaddle Fibula flap for a composite through and through oromandibular defect	Dr. Parag Sahasrabudhe AV Fistula Creation		
1:00 PM – 2:00 PM	LUNCH BREAK			
2:00 PM – 3:00 PM	Hall A- Orations and Endowment Lectures (25+5 Mins)			
2:00 PM -2:30 PM	Chairpersons- Dr. G S Kalra, Dr. Ravi Mahajan Past President Oration – Dr. Amresh Baliarsing -Passing the Baton			
2:30 PM -3:00 PM	Chairpersons- Dr. Rajendra Nehete, Dr. Hari Venkatramani Godina Oration – Dr. Gregory Evans - Microvascular Breast Reconstruction – What I have learnt			
3:00 PM -4:00 PM	Chairpersons- Dr. Vinita Puri, Dr. Gautam Biswas Dr SR. Tambwekar Lecture - Dr. Jorge Clifton - My journey in Peripheral Nerve Surgery			
3:30 PM- 4:00 PM	Chairpersons- Dr. Parvathi Ravula, Dr. R. Jayakumar Dr. Mukunda Reddy Oration - Dr. Prabha Yadav - My success story in Microsurgery			
4:00 PM – 4:30 PM	Tea / Coffee Break			
4:30 PM – 5:30 PM	Hall A - Lower Limb - I Chairpersons - Dr. Sivakumar Arumugam, Dr. Vishal Mago	Hall B - Breast - I Chairpersons - Dr. Amin Abu Jabal, Dr. Victoria Wickenheisser	Hall C - Head & Neck I Chairpersons- Dr. Gautam Prakash, Dr. Saidul Islam	Hall D - Penoscrotal Reconstruction Chairpersons - Dr. Kripa Shanker Mishra, Dr. Durga Karki
8+2 mins	Dr. Abhishek Bhamre Utility of free LD and Serratus Chimeric Flap in reconstruction of extensive lower limb defects	Dr. Samarth Gupta Enhancing Fellow's Perspective On Pre-Operative Deep Inferior Epigastric Perforator (DIEP) Flap Planning: An Approach Utilizing Reconstructed 3D Volume Rendering Technique (VRT Image) of CT Angiography to Map Perforator Course	Dr. G.B. Rajan Managing Head & Neck Infections	Dr. Brijesh Mishra Free Flap Urethro-Plasty
	Dr. Sheikh Sarfraz Ali Optimizing Lower Limb Amputated Stump Length Using Free Tissue Transfer	Dr. Veena Singh Improvement In Breast Q Scores with ICG Supported Reconstructive Microsurgery	Dr. Sanjay Kumar Giri Suprafascial versus subfascial anterolateral thigh free flap - A comparative study	Dr. Shikha Gupta Penile Reconstruction with Radial Forearm Free Flap-Present State of The Art

6+2 mins	<b>Dr. Pradeep Singh</b> MSAP In Reconstruction of Foot Defect : Case Series	<b>Dr. Ryohei Katsuragi</b> Breast Reconstruction Using the SGAP Flap with The Internal Mammary Perforator Vessel: A Case Report	<b>Dr. Reena Minz</b> A Comparison Of Outcomes In Pedicled And Microvascular Free Flap Reconstruction After Resection Of Head And Neck Cancer: Our Experience	<b>Dr. Durga Karki</b> Medial Circumflex Artery Perforator for Reconstruction of Scrotal Defects
	<b>Dr. Sohank Mewada</b> Various Flap Options for Coverage of Knee Defects	<b>Dr. Ankita Jain</b> ALT- The Forgotten Abbreviation for Autologous Breast Reconstruction	<b>Dr. Karnav Bharat Panchal</b> The Use of Reverse Flow Radial Forearm Free Flap in Head and Neck Reconstruction	<b>Dr. Jiten Kulkarni</b> Management of hypospadias cripple
	<b>Dr. V Manjunath Venkateswaran</b> Revisiting the Extensor Digitorum Brevis Muscle Flap Through Dissection of Below Knee Amputation Specimens	<b>Dr. Annika Marwah</b> Outcomes Of Deep Inferior Epigastric Artery Perforator (Diep) Flap in Indian Population " A Prospective Single Institute Study.	<b>Dr. Aniket Dave</b> Chimeric Free Flaps in Complex Head And Neck Reconstruction: A New Classification System for Algorithmic Approach	<b>Dr. Balaprasanth J</b> Microsurgical Replantation of Self-Inflicted Complete Penile Amputation - A Case Report
	<b>Dr. Abhinav Singh</b> ALT Free flap for lower limb cover	<b>Dr. Navneet Kaur</b> Use Of Cephalic Vein In DIEP Breast Reconstruction And Incidence Of Lymphoedema In The Ipsilateral Arm	<b>Dr. GI Nambi</b> There is no donor site specificity of free fibula flap for complex oromandibular reconstruction	<b>Dr. Romy C B</b> Penile Replantation. Failed Replant Reconstructed with Gille's Tubed Pedicle.
	<b>Dr. Yipeng Wu</b> Medial Plantar artery flap combined with ALT to repair complex soft tissue defects of foot	<b>Dr. Akshdeep</b> Alloplastic vs. Autologous Breast Reconstruction: A Comparative Study	<b>Dr. Prince Kumar Gupta</b> Improving Results of Type 3A (Cordeiro And Santamaria Classification) Maxillectomy Using Anterolateral Thigh Free Flap With Iliac Crest Bone Graft : Modified Approach	<b>Dr. Aimin Cheng</b> Repairing the micturition reflex arc via sural nerve grafting in the treatment of urinary dysfunction after scral plexus injury
5:30 PM - 6:30 PM	Hall A - Upper Limb I Chairpersons -Dr. Ayana Crichlow, Dr. Nilesh Satbhai	Hall B - Paediatric Microsurgery Chairpersons - Dr. G. Balaji, Dr. Hiroyuki Gotani	Hall C - Head & Neck 2 Chairpersons - Dr. Srikanth V., Dr. Rajan Arora	Hall D - Microsurgery In Burns Chairpersons - Dr. N. Venkateswaran, Dr. Vamsidharan
8+2 mins	<b>Dr. R. Srikanth</b> Free flaps enabled composite reconstruction in upper limb trauma	<b>Dr Saumya Mathews</b> Experience of Paediatric Mandible Reconstruction with Long Term Follow-Up	<b>Dr. Dinesh Kadam</b> Salvage Second Free Flap for Primary Free Flap Failures in Oral Cancer Reconstruction.	<b>Dr. Skanda Shyamsundar</b> Management of acute electrical burns
	<b>Dr. Rakesh Kain</b> Toe To Hand Transfer in Metacarpal Hand	<b>Dr. Lathesh Leo</b> Microvascular Free Flap Reconstruction for Lower Limb Soft Tissue Defects in Paediatric Patients	<b>Dr. Vinay Jacob</b> Brain Revascularisation with STA-MCA bypass in Paediatric Moyamoya disease	<b>Dr. G.S. Kalra</b> Resurfacing in Facial Burn Sequelae Using Parascapular Free Flap: A Long-Term Experience
6+2 mins	<b>Dr. Srividya Madhurbotheswaran</b> Full Thickness Skin Graft From Groin a Better Alternative for Free Radial Artery Forearm Donor Site	<b>Dr. Somesh Balakrishnan</b> Single Stage Arterio Venous Loop Microsurgical Reconstruction for Large Composite Scalp Defect in Paediatric Patients.	<b>Dr. Amiteshwar Singh</b> Simultaneous Double Free Flaps in Head & Neck Reconstruction: Improving Outcomes	<b>Dr. Aparna Sinha</b> Optimizing Post Burn contracture release
	<b>Dr. Leena Jain</b> Aesthetic Refinements in Extremity Microsurgery	<b>Dr. Brahma Dutt</b> Free flap outcomes in early paediatric (less than 5 years) age groups	<b>Dr. Raghuvirsinh Solanki</b> Opposite Neck Vessels as Recipient Vessels in Revision Head and Neck Cancer Reconstruction - A Single Institute Experience	<b>Dr. Deepti Gupta</b> Free Flap Cover in Electrical Contact Burn Injuries
	<b>Dr. Rebeca Furukava</b> Medial Plantar Flap for Reconstruction of Hand Foot	<b>Dr. Karthick Ganesan</b> Our Experience in Successfully Reimplanting a Mid-Arm Avulsion Amputation in a 4-Year-Old Polytrauma Child- Insights From an Arduous Endeavor	<b>Dr. Mayank Mandavgane</b> Free Flap Failure: The Why and the What Next. Second Free Flap vs Locoregional Flaps.	<b>Dr. Shilpi Karmakar</b> Study of Outcomes of Perforator Flap for Burn Reconstruction of Hand and Foot in Paediatric Patients
	<b>Dr. Nilesh Shende</b> FDMA Flap: A Workhorse in Reconstruction of Thumb Defects	<b>Dr. Suvashis Dash</b> Successful Bilateral Anterolateral Thigh Free Flap Reconstruction in A Pediatric Patient with Friction injury, Extra-Dural Hemorrhage: A Case Report.	<b>Dr. Anchit Kumar</b> Efficacy & Safety of Venous Coupler in an already treated neck: A Retrospective Analysis of 3000 Anastomosis	<b>Dr. Raj Manas</b> Free Flaps in Subacute & Chronic Stage of Burns - A Novel Option in Burn Reconstruction
6:30 PM - 7:30 PM	GBM - ISRM		PRELIMINARY ROUND FOR MICROSURGERY QUIZ	
7:30 PM Onwards	ISRM Dinner in Hall A			

# Friday, 8th March, 2024

MEET THE MASTERS				
7:00AM - 8:00AM	Dr. Prabha Yadav Hall - Ebony	Dr. Gregory Evans Hall - Ebony - I	Dr. Jorge Clifton Hall - Ebony - II	Dr. Venkat Ramakrishnan Hall - Rosewood
INSTRUCTIONAL COURSE LECTURE				
	Hall A - Thumb Reconstruction	Hall B - Lower Extremity Reconstruction Recipient Selection	Hall C - Free functioning Muscle Transfer (FFMT)	Hall D - Imaging in Microsurgery
7:00AM - 8:00AM	Dr. Hiroyuki Gotani Thumb Reconstruction Using Microsurgical, Pedicled flaps And Ilizarov fixator	Dr. Parvathi Ravula Sural artery - A reliable recipient vessel for free flap coverage in traumatic proximal leg defects	Dr. Heri Surito The Relationship between Patient Factors and Clinical Outcomes of Free Functional Muscle Transfer in Patients with Complete Traumatic Brachial Plexus Injury	Dr. Xiaolong Du Digital Substraction Angiography(DSA) in Free Flap Surgery
	Dr. S. Raja Sabapathy Toe transfer following trauma in children	Dr. Senthil Kumar Single Vessel Limb Salvage	Dr. Yasunori Hattori FFMT in Global Brachial Plexus Palsy	Dr. Mitsuru Sekido Blood Flow Evaluation for Breast Reconstruction Using Indocyanine Green (Icg) Fluorescence Imaging
	Dr. Gayan Ekanayake Functional Recovery of Toe To Finger/ Thumb Transfer	Dr. Vamseedharan Finding recipient vessel in diabetic foot defects	Dr. Scott Ferris Comparison of ICN to Free Gracilis vs ICN to Triceps	Dr. Ryo Karakawa A novel lymphedema monitoring device using body suit and smart phone
	Dr. Jyoshid R. Balan Toe pulp transfer for thumb reconstruction	Dr. Gopi Renganathan War injuries	Dr. R Srikanth Planning heterotropic and orthotopic functioning muscle transfer in the upper limb	Dr. Kotaro Okamoto Running of The Lateral Proper Plantar Digital Artery of the First Toe -Evaluation with Ultrasound Equipment
	Keynote Lecture (15 + 5 Mins. Each)			
	Hall A - Breast Moderators - Dr. Vinay Shankhdhar, Dr. Mohammad Rachadian	Hall B - Foot & Ankle Reconstruction Moderators - Dr. Jeremy Bliss, Dr. Swaroop Singh Gambhir	Hall C - Upper Limb Moderators - Dr. Prakash Kala, Dr. Carlos Nesbitt	Hall D - Face Moderators - Dr. Bhim Singh Nanda, Dr. Bibhuti Nayak
8:00 AM - 9:00 AM	Dr. V. Venkat Ramakrishnan Refinements in Breast Reconstruction	Dr. Honda Su Long-Term Follow up of Limb Salvage in the Diabetic Patient with End Stage Renal Disease using Endovascular Revascularization and Free Flap Reconstruction	Dr. Ryosuke Kakinoki Vascularized Phalangeal Bone Graft for Treatment of Thumb Hypoplasia with Blauth Type 3B and 4; More than 10 Year-Follow up	Dr. J.W. Choi Face, Head & Neck reconstruction with thickness controlled perforator free flap including ultra thin perforator free flaps.
	Dr. Gregory Evans Artificial Intelligence in Breast Surgery	Dr. Ernest Chiu Plantar Foot Reconstruction: Muscle vs Fasciocutaneous Microvascular Flap Debate	Dr. Sandeep Sebastin Outcomes of Digital Replant	Dr. Shailendra Singh Changing Scenarios in Head and Neck reconstruction in last quarter century.
	Dr. Filip Stillaert Lipofilling and hybrid breast reconstruction	Dr. Anupam Golash My two decades experience in foot and ankle reconstruction	Dr. Ravi Mahajan Major Revascularization in Upper Limb	Dr. Shivaram Bharadwaj Strategies for mid face reconstruction
Panel (4 speakers 1 hour 15(12+3) min each)				
	Hall A - Lymphedema Moderators - Dr. Suresh Chawre, Dr. B.C. Ashok	Hall B - Vascularised Composite Allotransplantation Moderators - Dr. Selva Seetharaman, Dr. Vinita Puri	Hall C - Brachial Plexus Moderators - Dr. Raj Kumar Manas, Dr. Gayan Ekanayake	Hall D - Head and Neck Moderators - Dr. Juhi Aggarwal, Dr. Azmat
9:00 AM - 10:00 AM	Dr. Hangyu Cha Prophylactic LVA for breast cancer related lymphedema	Dr. Laurent Lantieri Setting up a Face Transplant Unit	Dr. Jorge Clifton Opposite C7 in children	Dr. Kongkrit Chayasate Application of microvascular surgery in craniofacial practice
	Dr. Rajendra Gujjalanvar LVA and VLNT in Lymphedema	Dr. Nilesh Satbhai Functional outcome and post op rehabilitation	Dr. Anil Bhatia Opposite C7 in adults	Dr. Sunil Gaba Microvascular reconstruction of secondary maxillary defects - Preoperative planning, execution and outcome
	Dr. Jin Geun Kwon Which do you prefer: Side-to-End vs End-to-End LVA? Technical tips for Side-to-End LVA.	Dr. Mohit Sharma Technical challenges at various levels forearm/supracondylar level/shoulder	Dr. V. Purushothaman W(hole) in one	Dr. Bibhuti B. Nayak Vessel Depleted Neck
	Dr. Shuhei Yoshida Intraoperative Distal Compression method for Lymphaticovenular Bypass with High Success and a Low Venous Reflux Rates	Dr. Selva Seetharaman Setting up of hand transplant unit and harvest of hand	Dr. Rajendra Nehete Combined gracilis and nerve transfers	Dr. Pradeep Goil Post mucormycosis reconstruction of head & neck defects
10:00 AM - 10:30 AM	Tea / Coffee Break			
Hall A WSRM Symposium				
10:30 AM - 12:45 PM	1. Dr. Gregory Evans - Bringing the world closer together through microsurgery			
	2. Dr. J.P. Hong - Refining Diabetic Foot Surgery			
	3. Dr. Jaume Masia - Obtaining optimal outcome in Breast Reconstruction and WSRM 2025			
	4. Dr. S. Raja Sabapathy - The evolution of microsurgery in India			
	5. Dr. Bulent Sacak- Double free flaps in Head and Neck Reconstruction: Feasibility and a simple algorithm and WSRM 2027			
12:45 PM - 1:00 PM	Launch of New Zeiss Pentero 800S Microscope			
1:00 PM - 2:00 PM	Lunch Break			
Free Paper Session				
2:00 PM - 3:00 PM	Hall A - Lymphedema 1 Chairpersons - Dr. Dewi A. Mukarramah, Dr. Mohammad Ibrahim	Hall B - Lower Limb 2 Chairpersons - Dr. Latheesh Leo, Dr. Manoj Johar	Hall C - Brachial Plexus - 1 Chairpersons - Dr. Piyush Doshi, Dr. Deepak Bhatti	Hall D - Innovations Chairpersons - Dr. G.I. Nambi, Dr. Narayanan Vishwanathan
8+2 mins	Dr. Jonathan Victor The Nodovenous Shunt and Reduction Surgery for Post-Filarial Lymphedema	Dr. Deepti Gupta A Review of Microsurgical Flap Reconstruction of Post Traumatic Soft Tissue Defects in Lower Limb	Dr. Jyoshid Balan Retro Oesophageal transfer of opposite C7 in Birth Brachial Plexus Palsy	Dr. Mohit Sharma Innovative Technique for Single Stage Phalloplasty With Complete Urethral Reconstruction for Perineal Hypospadias and Micropenis.
	Dr. Shuhei Yoshida Lymphaticovenous Anastomosis for Age-Related Lymphedema	Dr. Hokuto Morii Arterialization of Plantar Venous System via Vein Graft: A New Technique for Reconstruction of Heel Pad Degloving Injuries	Dr. Heri Suroto Traumatic brachial plexus injury: proposal of an evaluation functional prognostic scoring system	Dr. Bhanu Pratap Singh Hydrodissection Technique For Ease Of Perforator Dissection

6+2 mins	<b>Dr. Prashant Puranik</b> DIEP with lymph node transfer post mastectomy	<b>Dr. Kengo Nakatsuka</b> Piggy Back SCIP flap in lower extremity	<b>Dr. Romy C B</b> Clinical Study on Comparison of Sural and MABC Nerve Grafts in Spinal Accessory Nerve to Musculocutaneous Nerve Transfer in Global Brachial Plexus Palsy Patients	<b>Dr. Onkar Kulkarni</b> Is Vastus Lateralis Muscle really needed with large ALT Flap Harvest
	<b>Dr. Nandini Ramaswamy Iyer</b> Our Experience with Omental Transfer, Dual Omental Transfer and Supraclavicular Transfer in Chronic Lymphedema	<b>Dr. Md Sohaib Akhtar</b> Delayed Repair of Popliteal Artery: Is It Worthy to Proceed?	<b>Dr. Ansarul Haq</b> Radial to Axillary Nerve Transfer	<b>Dr. Joseph Thomas</b> Evaluation of Dynamic Infrared Thermography for Preoperative Perforator Mapping: Comparative Analysis with Handheld Doppler Ultrasound
	<b>Dr. Samreen Jaffar</b> Lymph Interpositional Flap Transfer (LIFT) with Simultaneous Lymphatico-Venous Anastomosis (LVA) for Management of Lower Limb Lymphoedema due to Circumferential Scarring: A Case Report	<b>Dr. Girija H R</b> Microvascular Reconstruction Of Extremities: Unleashing The Potential Of Free Flaps	<b>Dr. Sandhya Pandey</b> BPI and its Management	<b>Dr. Takuya Tsumura</b> Intravascular flipping technique for end-to-side microvascular anastomosis
	<b>Dr. Zhegang Zhou</b> VLNT for Limb Lymphedema	<b>Col.Dr. Venkatnarayanan</b> Longitudinal PAP Flap for lower limb reconstruction	<b>Dr. Anubhav Gupta</b> Role Of Gracilis Free Functioning Muscle Transfer in Brachial Plexus Injury: Our Experience Of 25 Cases	<b>Dr. Sneha Sharma</b> CAD/CAM Precision: Analysis Of 144 Cases Of Mandibular Reconstruction With Free Fibula Flap For Enhanced Surgical Outcomes In Head And Neck Reconstruction
3:00 PM - 4:00 PM	Hall A - Head and Neck - 3 Chairpersons - Dr. Anjana Malhotra, Dr. Shashank Chauhan	Hall B - Lower Limb - 3 Bone loss Chairpersons - Dr. Yogesh Bhatt, Dr. Mahesh Mangal	Hall C - Trunk and Abdomen Chairpersons - Dr. Jiten Kulkarni, Dr. Narayan Hegde	Hall D - Brachial Plexus 2 Chairpersons - Dr. Biswajit Mishra, Dr. Pradeoth Mukundan Korambayil
8+2 mins	<b>Dr. Sunil Gaba</b> Delayed Maxillary Reconstruction with Free Osteocutaneous Fibula Flap Using CAD CAM Technology	<b>Dr. Hari Venkatramani</b> Combined bone and soft tissue loss	<b>Dr. Augus Roy Hamid</b> Abdominal Wall Reconstruction With Pedicle ALT Flap	<b>Dr. Ashwath Acharya</b> Restoration of sensory loss and pain relief in upper brachial plexus injuries
	<b>Dr. Rahul Kapoor</b> Maxilla Reconstruction : Planning And Results	<b>Dr. Yipeng Wu</b> Anterolateral femoral free flap combined with 3D printed metal scaffold for repair of Gustilo III open fracture of weight bearing limb	<b>Dr. Rajesh Yellinedi</b> Radical Vulvectomy Defects - Split ALT Flaps For Reconstruction	<b>Dr. Vimlendu Brajesh</b> Long Term (> 4 Years )Outcome Of Hand Function After Primary Reconstruction Of Brachial Plexus With Single Available Nerve Root.
6+2 mins	<b>Dr. Sukhdeep Singh</b> Is Microsurgical Head And Neck Reconstruction Suitable For Organ Transplant Recipients? - A Case-Control Study Evaluating Outcomes In This Patient Cohort	<b>Dr. Anila Shirley Harrison</b> Long term outcomes of reconstruction of long bone defects of lower extremity by vascularised Fibula free flap	<b>Dr. Eldon Mah</b> Midline posterior trunk reconstruction	<b>Dr. Tabita Prajasari</b> Clinical And Functional Outcome Of Free Functional Muscle Transfer For Elbow Joint Reconstruction Based On Nerve Donor Source In Adult Brachial Plexus Injury
	<b>Dr. Kripa Mishra</b> Lessons learnt in head and neck reconstruction: An Experience of eight years with more than 3000 free flaps done	<b>Dr. Jeremy Bliss</b> Vascularised Free Fibula In Avascular Necrosis Of Femoral Head	<b>Dr. Navneet Kaur</b> Borrow from Peter to keep Paul Alive	<b>Dr. Satyaswarup Tripathy</b> Clinical Outcomes of Surgical Management of Primary Brachial Plexus Tumors
	<b>Dr. Zendio Abednego Santoso</b> A Long Term Follow Up Of Radial Forearm Fasciocutaneous Free Flap For Arteriovenous Malformations (AVMS): Case Report	<b>Dr. Apurva Agarwal</b> Vascularised free fibula transfer with modified capanna's and capasquelet technique for post traumatic femur defects	<b>Dr. Mangesh Tandale</b> Principles and advances in abdominal wall reconstruction	<b>Dr. Sanjay Kumar Giri</b> Supercharged end to side anterior interosseous nerve to ulnar motor nerve transfer for claw hand correction: our initial clinical experience
	<b>Dr. Ravi Kumar</b> FFF +/- FHL IN Head & Neck Reconstruction	<b>Dr. Serena K. Bharatkar</b> Use of Fibula Free Flap in Lower Limb Reconstruction in Paediatric Age Group	<b>Dr. Mayur Mantri</b> Management of massive abdominal wall defects	<b>Dr. Raghav Shrotriya</b> Spinal Accessory to Suprascapular Nerve Transfer by Dorsal Approach for Shoulder Reanimation in BPI Patients: Surgical Technique
	<b>Dr. Nikhil Prasad</b> Jaw in a day- Is it the ideal reconstruction technique for all Maxillo-Mandibular tumours	<b>Dr. Akshata Kamath</b> Long Term Outcomes Following Free Fibula Transfer For Congenital Pseudarthrosis Of Tibia	<b>Dr. Srividya Madhurbotheswaran</b> Perforator flaps in management of multiple sites of extensive hidradenitis suppurativa in teenagers and young adults	<b>Dr. Quingtang Zhu</b> Virtual follow-up of patients with brachial plexus injury using WeChat program based method
4:00 PM - 4:30 PM	Tea / Coffee Break			
4:30 PM - 5:30 PM	Hall A - Head and Neck - 4 Chairpersons - Dr. R. Sridhar, Dr. Sagar Gundewar	Hall B - Bone Loss - Upper Limb 2 Chairpersons - Dr. Siby Punnoose, Dr. Jeyakodish B.	Hall C - Breast 2 Chairpersons - Dr. Aashish Sasidharan, Dr. Subhash Kale	Hall D - Supramicrosurgery Chairpersons - Dr. Sabarigirish Ambat, Dr. Hokuto Morii
8+2 mins	<b>Dr. Rajendra Dhondge</b> Lingual Artery As The Recipient Vessel Of Choice In Patients Requiring A Second Or Third Free Flap In Recurrent Oral Cancers - A 5 Year Experience In A Single Institute	<b>Dr. Satomi Koide</b> Extremity reconstruction: Split fibular free flap - application to bony limb defects	<b>Dr. Ameya Bindu</b> Bipedicled DIEP flap for breast reconstruction : an institutional review	<b>Dr. Isao Koshima</b> Supermicro to nanomicrosurgery
	<b>Dr. Ahana Bandyopadhyay</b> Vascularized free fibula flap for reconstruction of large complex oro-mandibular defects following resection of oral malignancy: A single institutional experience	<b>Dr. Saumya Mathews</b> Humerus reconstruction with vascularized fibula in paediatric population.	<b>Dr. Mayur Mantri</b> Improvement in quality of life after secondary breast reconstruction - Myth or reality	<b>Dr. Ruben Kannan</b> How to transition from microsurgery to supramicrosurgery; from lab to operation theatre
6+2 mins	<b>Dr. Devesh Verma</b> Reconstructing Extensive Composite Defects Using Double Free Flaps	<b>Dr. Suvashis Dash</b> Successful Reconstruction Of Pediatric Segmental Bone Loss In The Upper Limb Using Free Fibula Flap: A Case Series	<b>Dr. Victoria Wickenheisser</b> A Pain In The Breast: Diagnosis And The Role Of Microsurgery In Breast Morphea	<b>Dr. Sumit Singhal</b> Supra Microsurgery : 5 Indications in the Indian context
	<b>Dr. Melia Bogari</b> Application of Kiss Flap	<b>Dr. Bibhuti B. Nayak</b> Free fibula for massive bone loss in upper extremity	<b>Dr. Annika Marwah</b> Critical Analysis Of Outcome Post Secondary Lympho-Venous Anastomosis Of Upper Limb In Patients With Oncoresection	<b>Dr. Onkar Kulkarni</b> ALT flap salvaged by perforator to perforator anastomosis
	<b>Dr. Veena Singh</b> Managing complications in head & neck reconstruction	<b>Dr. Abhishek Bhamre</b> Combined Bone & Soft Tissue Loss - Lower Extremity	<b>Dr. Rajendra Dhondge</b> Primary lympho-venous anastomosis for the prevention of breast cancer related lymphedema: A Prospective study from a tertiary cancer centre in India	<b>Dr. Raja Tiwari</b> Helical Rim Free Flap Technique For The Reconstruction Of Full-Thickness Nasal Alar Defects
	<b>Dr. Dipmalya Chatterjee</b> Reconstructive Algorithm For Complex Oro-Mandibular Defects: An Institution-Based Experience Of 400 Cases	<b>Dr. Ritesh Kumar</b> New Technique to use vascularised FHL muscle and tendon for fibula anchorage to shoulder in humerus reconstruction	<b>Dr. Jenny Maria</b> Breast sensitivity and quality of life in unilateral breast reconstruction with non-innervated DIEP free flap	<b>Dr. Quinxia Bing</b> Repair of skin and soft tissue extremity defects with Medial Sural artery Perforator Flap
5:30 PM - 6:30 PM	Hall A - Women In Microsurgery Moderators: Dr. Saumya Mathews, Dr. Shivangi Saha	Hall B - Training In Microsurgery Chairpersons- Dr. Raja Shanmuga Krishnan, Dr. Vineet Kumar Pilonia	Hall C - Microsurgery Across The World Chairpersons - Dr. Skanda Shyamsundar, Dr. Parintosa Atmodiwirjo	Hall D - Young Microsurgery Forum Chairpersons - Dr. V. Manjunath, Dr. Kaushik Kumar
8+2 mins	<b>Dr. Prabha Yadav</b>	<b>Dr. Gregory Evans</b> Establishing a career in plastic/microsurgery	<b>Dr. Suresh Chawre</b> Championing Safe Microvascular Surgery Access In Rural India:The Crucial Role Of Plastic Surgery Advocacy	<b>Dr. Aniket Dave</b> Starting A Career In Microsurgery: Lessons Learnt From The First 3 Years Of Practice
	<b>Dr. Vinita Puri</b>	<b>Dr. Palli Shirin</b>	<b>Dr. Neljo Thomas</b>	<b>Dr. Angelica Lee Real</b>
	<b>Dr. Shivangi Saha</b> <b>Dr. Madhubari Vathulya</b>	Simulation Of Microsurgery In Soft Embalmed Human Cadavers For Optimizing Microsurgery Training In Plastic Surgery Residents	Microsurgery Services In Rural Cancer Care Hospitals In South And North East India: Lessons Learnt In Solitude	A Young Hybrid Orthoped's Path: Alternative Methods in Addressing Bone and Soft Tissue Loss in the Lower Extremity
6+2 mins	<b>Dr. Saumya Mathews</b> <b>Dr. Veena Singh</b> <b>Dr. Subashini - Women Surgeons- Self Perception And Assessment</b>	<b>Dr. Vijay Kumar</b> Micro Lab Establishment <b>Dr. Snigdha Yanamadala</b> Development Of A Microsurgery Training Regimen For Young Plastic Surgeons: A Study Based On Our Institutional Experience	<b>Dr. Selva Ganesh</b> Microsurgery in Sri Lanka <b>Dr. Rajeev Venugopal</b> Microsurgery in the West Indies	<b>Dr. Narayanamurthy Sundaramurthy</b> Myth Of First Vascular surgery <b>Dr. Kaushik Kumar Eswaran</b> Microsurgery Career In Periphery And Rural India For A Beginner-The Stones And The Milestones!
		<b>Dr. Gayan Ekanayake</b> Teaching Free Tissue Transfer In A Resource Poor Setting <b>Dr. Dharmik Gondalia</b> Cost Effective Training Module Using 3D (Three Dimensional ) Printing Technology To Teach Osteotomy And Flap Inset	<b>Dr. Hassan Nazir Uddin</b> Replantation, Our Scenario & Experience Of 41 Cases <b>Dr. Amin Abu Jabal</b> Overcome The Challenges In Head and Neck Reconstruction Microsurgery : Our Experience In Galilee Medical Center	<b>Dr. Praveen S.</b> Reimagining The Scope Of Loupe Microsurgery In A Resource Constraint Setup <b>Dr. Janarthanan</b> Acquiring Microsurgery skills during residency
6:30 PM - 7:30 PM	INAUGURATION FOLLOWED BY CULTURAL PROGRAMME (Hall A)			
7:30 PM ONWARDS	Cultural Night followed by Gala Dinner			

# Saturday, 9th March, 2024

MEET THE MASTERS				
7:00 AM - 8:00 AM	Dr. J.P. Hong Hall - Ebony	Dr. Jason Ko Hall - Ebony - I	Dr. Gautam Biswas Hall - Ebony - II	Dr. Sandeep Sebastin Hall - Rosewood
INSTRUCTIONAL COURSE				
	Hall A - Breast Large Defects	Hall B - Complex Reconstruction in Head and Neck	Hall C - Complex Replantation	Hall D - Diabetic Foot
7:00 AM - 8:00 AM	Dr. Ashit Patel Implant vs autologous breast reconstruction - an overview	Dr. Peter Cordeiro Algorithm for microsurgical reconstruction of the mandible	Dr. Zhegang Zhou Arm and thigh replantation	Dr. Skanda Shyamsundar Pre-op planning selecting and executing the right flap
	Dr. Raja Shanmugakrishnan Transverse Upper Gracilis (TUG) Flap	Dr. Prashant Puranik Chimeric Scapula-osteocutaneous flap for complex HN reconstruction	Dr. Mohit Sharma Surgical Technique And Follow Up Of Scalp And External Auricular Replantation	Dr. Dinesh Kadam Microvascular Free Tissue Transfer To Salvage Complex Diabetic Foot Defects: Lessons Learnt So Far
	Dr. Rajesh Yellinedi ALT flap for breast reconstruction	Dr. Karnav Panchal Combined simultaneous mandibular and maxillary reconstruction using a single fibular flap in oral malignancy	Dr. Nandini Ramaswamy Iyer Ectopic banking of amputated tissue as a last resort for salvage in dire circumstances	Dr. Vamseedharan Recipient vessels preparation in difficult diabetic foot
	Dr. Vinay Shankhdhar Addressing large soft tissue loss of breast	Dr. Rajan Arora Chimeric flaps for complex defects	Dr. R Jayakumar Unusual and rare replants	Dr. Amit Agarwal Diabetic Foot Reconstruction With Free MSAP Fasciocutaneous Flap : Modernistic Reconstruction Approach For Lower 1/3rd Leg And Foot Soft Tissue Defects
Key Note Lecture (15+5) min				
	Hall A - Upper Limb Moderators - Dr. Sandeep Sebastin, Dr. Thushara K.R.	Hall B - Head & Neck Moderators - Dr. Sudhanshu Kothe, Dr. Anand Gupta	Hall C - Lower limb Moderators - Dr. Subrat Kumar Jena, Dr. Vikas Kakkar	Hall D - TMR/Prosthetics Moderators - Dr. Shivram Bharadwaj, Dr. Aswath Acharya
8:00 AM - 9:00 AM	Dr. S. Raja Sabapathy Paediatric Microsurgery	Dr. Laurent Lanteri Face Transplantation	Dr. JP Hong My journey in lower limb reconstruction	Dr. Jason Ko Past, Present & Future of Targetted Muscle Reinnervation (TMR)
	Dr. Dong Chul Lee Refinements in Toe Transfer	Dr. Kongkrit Chaiyasate Management of severe craniofacial gunshot wounds	Dr. Mario Cherubino Distal extremity reconstruction with anterolateral thigh and superficial fascia ALT compared	Dr. Hyun Ho Han Nerve Ending management through NAC neurotisation or RPNI (Regenerative Peripheral Nerve Interface)after mastectomy
	Dr. Yasunori Hattori Free Functioning Muscle Transfer	Dr. Peter Cordeiro Algorithm for microsurgical reconstruction of the midface	Dr. Eldon Mah Evolution of Sarcoma reconstruction: 10 year review	Dr. Amitabh Lahiri Development of A Novel Bionic-Interface For Neuroprosthetics
Panel (4 speakers 1 hour 15(12+3)min each)				
	Hall A - Breast Moderators- Dr. Felix Cordelia, Dr. Amol Ghalme	Hall B - 3D Imaging, PSI and VSP for H&N Reconstruction Moderators- Dr Pradeep Goil, Dr. Rahul Jain	Hall C - Musculoskeletal Oncology - Symposium Moderators - Dr. Nikhil Jhunjhunwala, Dr. Selva Ganesh	Hall D - Upper Limb Soft Tissue Cover Moderators - Dr. Narayanmurthy S., Dr. Alangkar Saha
9:00 AM - 10:00 AM	Dr. Venkat Ramakrishnan Autologous breast reconstructions in patients with limited adiposity	Dr. Sanjay Mahendru VSP for Mandibular Reconstruction.	Dr. Mehmet Armangil Reconstruction following MSK Oncology	Dr. Akbar Joroev MD Our modification of using Radial Artery Forearm Flap for defects of hand (flap in flap)
	Dr. Filip Stilaert Lumbar artery perforator flap (LAP)	Dr. Pramod Subash Patient Specific Implants in Complex Reconstruction	Dr. Parag Sahasrabudhe Management of Lower limb Sarcoma: Long term results	Dr. Theddeus O.H. Prasetyono Are homodigital perforator flaps versatile? and the role of wide awake hand surgery (WAHS)
	Dr. Satomi Koide Breast reconstruction: "Is less more...? Tailored reconstruction to post-resection defect	Dr. Kannan Balaraman Complex Orbital Reconstruction	Dr. Gautam Biswas Reconstruction following lower limb sarcoma excision	Dr. Sandeep B SCIP flap for hand
	Dr. Vinay Shankhdhar Zone-wise planning of breast oncoplasty	Dr. Parintosa Atmodiwirjo How to mould fibular flap for mandibular reconstruction in limited resource setting using home made 3D printing	Dr. Adhish Basu Role of microsurgery in reconstruction or large sarcomas involving the extremities.	Dr. Hari Venkatramani ALT free flap in major upper limb soft tissue loss
10:00 AM - 10:30 AM	Tea / Coffee Break			
10:30 AM - 1:00 PM	Hall A - Breast Symposium Moderators - Dr. Veena Singh, Dr. Raja Shanmugakrishnan	Hall B - Collaborate & Excel Moderators - Dr Prabha Yadav, Dr. Dushyant Jaiswal	Hall C - Complex Upper Limb Symposium Moderators - Dr. Markus Paakkonen, Dr. Sushil Nahar	Hall D - Lymphedema Moderators - Dr. Rajendra Gujjalvanar, Dr. Nandini R.
10:30 AM - 12:00 PM	Dr. Ashit Patel Operational efficiency in autologous breast reconstruction	<b>Head &amp; Neck Surgeon's Perspective</b> Dr. Anil D'Cruz Collaboration for excellence in Head & Neck Cancer Management Dr. Prathamesh Pai Evolving patterns of resection surgery; expectations from and implications for reconstruction	Dr. Madhubari Vathulya Defying complexity; The role of microsurgery in defect management	Dr. Prashant Puranik Imaging in lymphedema - Ultrasound/ICG
	Dr. B.C. Ashok Loco regional flap for partial breast reconstruction	Dr. Vinay K Shankhdhar National Cancer Grid (NCG) guidelines for H&N reconstruction	Dr. Bauback Safa Complex hand injuries with thumb loss	
	Dr. Hyun Ho Han Various techniques to boost blood flow in DIEP or PAP flap	<b>Plastic Surgeon's Perspective</b> Dr. Subramania Iyer Collaboration for excellence with dental specialities Dr. Gautam Biswas Efficiency & Optima use of resources in Heand & Neck Reconstruction	Dr. Sandeep B Combined bone and soft tissue loss in Hand	Dr. Dewi A Mukarramah Lower extremity lymphedema approach in developing countries
	Dr. Samarth Gupta A systematic review of venous supercharging in autologous in breast reconstruction with abdominally based flaps	<b>Rehabilitation Perspective</b> Dr. Shamit Chopra Speech and swallowing in oral cancer: Optimizing the Bucco Mandibular Defect	Dr Dong Chul Lee Combined loss in digits	Dr. Hari Venkataramani Filial lymphedema
Dr. Raja Shanmugakrishnan Phyllodes tumor	Dr. Kannan Balaraman Dental rehabilitation following Mandibular Reconstruction: Dream vs Reality	Dr. Ismail Bulent Ozelik Perforator artery repair in extremity degloving injuries	Dr. Mario Cherubino	

12:00 Noon - 1:00 PM	Hall A - Complex lower limb Moderators - Dr. Somesh Balakrishnan, Dr. R. Srikanth	Hall B - Panel Discussion - Challenges ahead for HN reconstruction Moderator - Dr. Dushyant Jaiswal	Hall C - Challenging Abdominal Wall Reconstruction Moderators - Dr. Sohaib Akhtar, Dr. Rajan Tandon	Hall D - Scalp Reconstruction Moderators - Dr. Aniket Dave, Dr. Mohammed Saifur Rahman
	Dr. Jason Ko Lower Extremity Reconstruction - Form, Function and Beyond	Panelists - Dr. Anil D'Cruz Dr. Prathamesh Pai Dr. Vinay K Shankhdhar Dr. Prabha Yadav Dr. Gautam Biswas Dr. Subramania Iyer Dr. Shamit Chopra Dr. Kannan Balaraman	Dr. Lekshmi Malathi Unusual Recipient Vessels in Trunk Reconstruction	Dr. J.W. Choi Scalp Reconstruction Strategies
	Dr. Ruben Kannan Free styled perforator flap +/-venous super charging		Dr. Ashit Patel Contemporary abdominal wall reconstruction	Dr. Jitendran N Free Flap for major scalp defects
	Dr. Brijesh Mishra Knee cover		Dr. Jiten Kulkarni Post obstetric anal incontinence treated with Gracilis flap	Dr. Ebenezer Asirvatham Single Stage Microsurgical Reconstruction of Extensive Fungating Tumours and Defects of the Face and Scalp: Case Series
	Dr. Nilesh Ghelani Sarcoma		Dr. Ritesh Panda Everted Saphenous Vein Graft for Post-Traumatic Long Anterior Urethral Composite Defect Reconstruction in Patients with Complex Perineal Trauma: Our Experience.	Dr. Tarun Kumar Microsurgical Reconstruction of Complex Scalp Defect Involving Dura in Positional Constraints
1:00 PM - 2:00 PM	LUNCH BREAK			
2:00 PM - 3:00 PM	Hall A - Lower Limb - 4 Foot & Ankle Chairpersons - Dr. V. Purushothaman, Dr. Maksut Kadyrov	Hall B - Functional Tongue Session Moderators - Dr. Rajesh Yellinedi, Dr. Alangar Saha	Hall C - Upper Limb - 3 Digital Replantation Chairpersons- Dr. Sanjay Kumar Giri, Dr. Heri Suroto	Hall D - Flap Innovations , Monitoring & Take Back Chairpersons - Dr. Prathap Duggirala, Dr. G.B. Rajan
8+2 mins	Dr. Parvathi Ravvula Peroneal Vessels as a recipient for defects near the ankle: An alternative to anterotibial vessels	Dr. JW Choi Functional reconstruction after total glossectomy	Dr. Damika A Dissanayake Digital Replantation : Bringing about a change by going the extra mile?	Dr. Junya Oshima Use Of Venous Flap For Temporary Skin Closure And Vascular Reconstruction In Open Gustilo Anderson Open IIIB Forearm Fracture
	Dr. Amit Agarwal Diabetic Foot Reconstruction with Free MSAP Fasciocutaneous Flap : Modernistic Reconstruction Approach For Lower 1/3rd Leg And Foot Soft Tissue Defects	Dr. Rambabu Nuvvula Hemi glossectomy reconstruction	Dr. Dawn Chia Surgical Challenges and Functional Outcomes Of Multiple Digit Replantations	Dr. Shuhei Yoshida Simultaneous bilateral distal venous arterialization between radial artery and cephalic vein in dorsal hand for Raynaud's phenomenon in both hands: A case report
6+2 mins	Dr. Archana Sinha Comparing Outcomes For Anterolateral Thigh Free Flap Versus Vastus Lateralis Muscle Free Flap In Foot And Ankle Reconstruction	Dr. Manish Jain Partial & Total Tongue Reconstruction with ALT Flap	Dr. Girish Ambat Replantation of digits in Crush Amputation- Case series from 2008 to 2022	Dr. Ramadan R. Free Flap Takebacks Under Local Anesthesia: Fast, Easy and Effective
	Dr. Ayesha Hanna Outcome Of Anterolateral Thigh Free Flap For Heel Reconstruction	Dr. Vidhyadharan Sivakumar Speech and swallowing following tongue reconstruction	Dr. Sushil Nahar Role of Chemical Leeching in Fingertip Replantation Surgery	Dr. Darshil Rajgor Papaverine in microsurgery
	Dr. Nilesh Ghelani Microvascular reconstruction of foot defects: A series with long term follow up		Dr. Hasan Nazir Uddin Replantation, our scenario & experience of 41 cases	Dr. Md. Ashiqur Rahman Beyond Blood Glucose In Realm of Reconstructive Microsurgery: Reflecting Flap Viability Through The Lens Of Handheld Glucometer
	Dr. Luciano Torres End to side anastomosis application in lower limb free flap reconstruction- Is there clinical evidence?		Dr. Mohamed Ibrahim Replantation vs Graft Reposition After Flap in Distal Amputation of Fingers- A Comparative Study.	Dr. M. Senthilmurugan Are sutureless methods are better alternative over conventional methods?
3:00 PM- 4:00 PM	Hall A - Head & Neck 5 Chairpersons - Dr.Sagar Gundewar , Dr Yog Raj Handoo	Hall B - Facial Reanimation Session Moderators - Dr. Mohit Sharma, Dr.Vinay Verma , Dr. Andre Kichenaradjou	Hall C - Major Replantation Chairpersons - Dr. P. Jeyakumar, Dr. Theddeus O.H. Prasetyono	Hall D - Technical Innovations Chairpersons - Dr. Amitabh Lahiri, Dr. Adhish Basu
8+2 mins	Dr. Ryota Nakamura Comparison Of Postoperative Function Of Mandibular Reconstruction: A Propensity Score- Overlap Weighted Analysis	Dr. Ayato Hayashi Facial reanimation for incomplete facial paralysis	Dr. Shailendra Bilateral hand replantation - Challenges	Dr. Satoshi Onoda Usefulness of Tapered Cutting Needles for Lymphaticovenular Anastomosis
	Dr. Gautam Prakash Single Stage Endosseous Dental Implant Placement In Free Fibula Flap for Mandible Reconstruction: A Series of 10 Ameloblastoma Cases	Dr. Ruben Kannan The effect of increasing motor end plate innervation (MEPI) on smile activation in acute and early facial palsy	Dr. Akkidas D. Functional Outcome of Replantation following Elbow and Arm Level Crush Avulsion Amputation	Dr. Sultan Tureshov Nuances by Professor Musa Mateev in use of propeller perforator flaps in reconstructive surgery
6+2 mins	Dr. Pujisriyani Rawato RAFF for tongue cancer	Dr. G.S.Kalra Facial Reanimation Using Free Functional Muscle Transfer: Lessons Learnt from a Long Term Experience Comparing Innervation with Cross Facial Nerve Graft and Masseter Nerve	Dr. Arun Kr. Choudhury Lesson Learnt From Forearm Reimplantation - An Eastern India Experience.	Dr. Pratyusha Priyadarshini A Study To Correlate Efficiency of Microvascular Anastomosis With Size Of Suture
Dr. Elisa Jonatan Optimal Auricular Basal Cell Carcinoma Excision: A Comparative Analysis Of Fransen-Frechner And Antia-Buch Techniques.	Dr. Nikhi Jhunjunwala Reimplantation in Complex Avulsion Amputations: Challenges and Decision Making		Dr. Shunjiro Yagi Analysis of the Optimum Tapering Angle in Microanastomosis by Using Computational Fluid Dynamics	
Dr. Chaitra K Islanded parietal branch of superficial temporal artery based scalp flap for reconstruction of complex head and neck defects	Dr.Sanjay Mahendru Combined 5th & 7th Nerve Palsy		Dr. Oshan Basnayake Comparison of Traumatic Amputations Patterns of Upper Limb And Success of Reperfusion in National Center For Replantation -Sri Lanka In Year 2022 -2023	Dr. Shashank Chauhan Novel method of cadaver processing for plastic surgery training
Dr. Vijay Deshmukh Dental Implantology In The Reconstructed Jaws	Dr. Tomoya Kato The Case of Forearm Replantation in a Covid-19 Positive Patient		Dr. Shikha Gupta Triple Clip Anastomosis	
4:00 PM - 4:30 PM	Tea / Coffee Break			

4:30 PM - 5:30 PM	Hall A - Head And Neck 6 Trachea/Pharynx/Nose/Ear Chairpersons - Dr. Antony Arvind , Dr Kripa Shankar Mishra	Hall B - Unsolved Problems In Head & Neck Moderators - Dr. Kannan Balaraman, Dr. Ashutosh Vatsyayan	Hall C - Lower Limb - 5 Replantation/Revascularisation Chairpersons - Dr. Arun Kumar Chaudhary, Dr. Paul George	Hall D - Innovations Chairpersons - Dr. Madhubari Vathulya, Dr. Judy Ward
8+2 mins	<b>Dr. Murod Jafarov</b> My experience in ear reconstruction	<b>Dr. Kannan Balaraman</b> Trismus and submucous fibrosis	<b>Dr. Zhegang Zhou</b> Salvage of mangled foot	<b>Dr. Vinod Pachade</b> IJESCA Method Of Venous Anastomosis:End to Side Continuous Anastomosis with Internal Jugular Vein : A Reliable and Quick Method of Vein Anastomosis in Head and Neck Reconstruction
	<b>Dr. Kongkrit Chaiyasate</b> Nasal reconstruction focussing on nasal lining	<b>Dr. Karnav Panchal</b> Commissure Conundrums	<b>Dr. Raghuvirsinh Solanki</b> Bilateral Lower limb Replantation : Our Experience In Two Cases	<b>Dr. Ryosuke Kakinoki</b> Clinically Applicable Nerve Conduits Fabricated Based On Tissue-Engineering Concepts: Studies In Rats
6+2 mins	<b>Dr. Anubhav Gupta</b> Tubed Radial Artery Forearm Free Flap : A Useful Tool In Post Acid Ingestion High Stricture As A Joining Conduit	<b>Dr. Srikanth C.V.</b> Simultaneous Upper & Lower Lip Reconstruction:  <b>Dr. Umesh Bansal</b> Perfection in Central Segment Reconstruction of Mandible  <b>Dr. Amruthavarshini</b> Algorithm for management in Vessel Depleted Neck	<b>Dr. Abhishek Kulkarni</b> Lower Limb Replantation- Nashik experience	<b>Dr. Vishnu Swaroop Reddy</b> Innovative Microsurgical Training Paradigm: Practising Microvascular Anastomosis At Home With A Smartphone And Lumen-Based Pasta
	<b>Dr. Gigy Raj Kulangara</b> Single Stage Functional Reconstruction Of Cervical Trachea Defects With Free Radial Forearm Flap And Costal Cartilage Graft	<b>Dr. Mehmet Bayramicli</b> Microvascular strategies in Head & Neck Reconstruction: Donor Site and Recipient Vessel Selection	<b>Dr. Aditya Narasimhan</b> Opportunistic Free Flaps: Vascularised Free Tissue Transfers From An Amputated Limb For Reconstruction Of Exigent Post Traumatic Defects On Other Parts Of The Body	<b>Dr. Joseph Thomas</b> Evaluation Of Dynamic Infrared Thermography For Preoperative Perforator Mapping: Comparative Analysis With Handheld Doppler Ultrasound
	<b>Dr. Nandya Titania Putri</b> Radial Forearm Free Flap Reconstruction of Severe Laryngeal and Esophageal Injuries from Fiber-Optic Cable Strangulation in a Motorcycle Accident: A Case Report		<b>Dr. Thiyagarajan TS</b> Management and Outcomes of 106 Consecutive Cases of Popliteal Artery Injuries in Fractures and Dislocations Around the Knee	<b>Dr. Vinay Jacob</b> Paediatric liver transplant salvage in hepatic artery thrombosis with vein grafts and intrahepatic MVA
	<b>Dr. Tushar Thorat</b> Additional Muscle As A Shield In Pharyngeal Reconstruction: Our Experience		<b>Dr. Ashraf</b> Popliteal Artery Injury	<b>Dr. Shikha Gupta</b> Modification Of Patient Specific Implant For Fibula Segment Position For Dental Rehabilitation - Preliminary Report
5:30 PM - 6:15 PM	Hall A - Aesthetics in Microsurgery Chairpersons - Dr. Amrita More, Dr. Lekshmi Malathi	Hall B - Dilemmas in HN reconstruction Moderators - Dr. Akshay Deshpande, Dr. Karnav Panchal	Hall C - Lower Limb - 6 Chairpersons - Dr. Pawan Kumar Dixit, Dr. Ganga Kishore Vatti	Hall D - Flap Innovation Chairpersons - Dr. Sheikh Sarfaraz Ali, Dr. Anubhav Gupta
8+2 mins	<b>Dr. Leena Jain</b> Aesthetics in Head & Neck	<b>Dr. Ameya Bindu</b> Pre-operating Imaging in Fibula Harvest  <b>Dr. Rajendra Dhondge</b> Minimal Flap Monitoring of free flaps : From compulsion to choice	<b>Dr. Selva Seetharaman</b> Pedicled Anterolateral Thigh Flap – How far it can reach & Making the best use of It!!!	<b>Dr. Hari Singh Bisoniya</b> Lateral Thoracic Artery Perforator (LTAP) Fasciocutaneous Free Vascularized Flap
	<b>Dr. Sandeep B</b> Aesthetics in Extremity Reconstruction		<b>Dr. Shruthi Chandrashekhar</b> Vascularised fibula for tibial bone loss	<b>Dr. Vinay Verma</b> Intraoral Anastomosis : A New Chapter in Oral Cavity Malignancy Reconstruction
6+2 mins	<b>Dr. Mario Cherubino</b> Cosmetic abdominal wall for DIEP Flaps	<b>Dr. Gautam Biswas</b> Secondary Volume correction post radiation  <b>Dr. Mayur Mantri</b> Donor side morbidity in fibula: Weighing the evidence	<b>Dr. Dewi A Mukarramah</b> How to do a SCIP flap without vascular imaging	<b>Dr. Sanjay Kumar Giri</b> Suprafascial Versus Subfascial Anterolateral Thigh Free Flap: A Comparative Study
	<b>Dr. Ramadan R.</b> Enhanced Aesthetics in DIEP Flap Breast Reconstruction: Evaluating Traditional vs. Aesthetic Abdominoplasty Donor Site Closures		<b>Dr. Ashika Bagur</b> Journey from 'leech the SCIP to skip the leech'	<b>Dr. Narayanamurthy Sundaramurthy</b> Free differential thickness Anterolateral thigh flap for severe deformity caused by Progressive Hemifacial Atrophy in a 9-year-old child
6:15 PM - 7:30 PM	<b>Hall A BEST SAVE/ BEST CASE</b> Moderators - G. Karthikeyan, Parag Sahasrabudhe			
	Dr. Raja Tiwari - Salvage of near total face replant failure with multiple free tissue transfers			
	Dr. Amiteshwar Singh - The courage to continue, is all that counts !			
	Dr. Pradeep Goil - Complex Maxilla reconstruction : one flap, one stage was not enough !			
	Dr. Sandeep B - Salvage of crushed avascular hand			
	Dr. Selva Seetharaman - Wheels of misfortune to marriage on a wheel chair			
	Dr. Dushyant Jaiswal - Complex Mandible reconstruction - A twist in the tale			
	Dr. Hardeep Singh - Recurrent Tracheo-oesophageal Fistula : How far can we go			
Dr. Vimalendu Brijesh - Reconstructive Ladder can be a worthy partner of Reconstructive elevator				
Dr. Prashant Puranik - Salvage of Osteoradio Necrosis of Osteocutaneous SCIP Flap				
7:30 PM ONWARDS	<b>DJ Night and Presidential Dinner</b>			

# Sunday, 10th March, 2024

MEET THE MASTERS				
7:00 AM - 8:00 AM	Dr. S. Raja Sabapathy Hall - Ebony	Dr. Subramania Iyer Hall - Ebony I	Dr. Dong Chul Lee Hall - Ebony II	Dr. Jaume Massia Hall - Mulberry
INSTRUCTIONAL COURSE				
	Hall A - Robotics in Microsurgery	Hall B - Lower Extremity- Complex Defects	Hall C - Facial Palsy	Hall D - Lymphedema
7:00 AM - 8:00 AM	Dr. Raja Tiwari Robotic Assisted Nerve Transfers for Brachial Plexus Injuries	Dr. Jason Ko Lower Limb reconstruction form, function and beyond	Dr. Sultan Tukeshov Our protocol in the reanimation of facial palsy	Dr. Suresh Chawre Management of filarial and lower limb lymphedema.
	Dr. Changsik John Pak Robotic prosthesis		Dr. Ayato Hayashi Multiple nerve transfers for the acute to subacute facial palsy	Dr. Yujin Myung Tailored options for advanced stage lymphedema, Technical considerations for vascularized lymph node transfer,
	Dr. Prashant Puranik Free flap reconstruction after robotic neck dissection for oral cancers	Dr. Ravi Mahajan Complex lower limb trauma	Dr. Priyadharshini Donor Nerve Selection in Facial Reanimation	Dr. Sumit Singhal LVA & VLNT in Lymphedema - The Indian Experience
	Dr. Hyun Ho Han Transition period of Plastic Surgeons role in minimally invasive (Robot assisted mastectomy)	Dr. Luciano Torres Pedicled and free flap reconstruction of lower limbs: A 20 year level 5 experience	Dr. Saumya Mathews Evaluation of outcomes after Facial nerve reanimation	Dr. Nandini Ramaswamy Iyer Vascularised LN transfer for lymphedema
	Keynote Lecture (15 + 5 Mins. Each)			
	Hall A - Lower Limb Moderators - Dr. Nannapaneni Hemanth Kumar, Dr. Surinder Singh Makkar	Hall B - Complex Head & Neck Moderators - Dr. Raghuvir Solanki, Dr. Hari Singh Bisoniya	Hall C - History and Future of Microsurgery Moderators - Dr. Vinay Jacob, Dr. Akshata Kamath	Hall D - Nose, Midface and Trachea Moderators - Dr. Gigy Raj, Dr. Adhishwar Sharma
8:00 AM -9:00 AM	Dr. Xialong Du Managing long bone gaps: Fibular flap in defects	Dr. Aditya Aggarwal Aesthetic Reconstruction in complex Facial Deformities	Dr. Luciano T. History of microsurgery	Dr. Maksut Kadyrov Congenital defects of the cartilaginous structures of the nasal tip
	Dr. Rajendra Nehete Aesthetics in Foot & Ankle Reconstruction	Dr. G. Karthikeyan ALT free flap in non oncological indications	Dr. Ashit Patel Chat GPT in Plastic Surgery	Dr. Gautam Biswas Central Midface Reconstruction
	Dr. R Srikanth Free flap coverage in multiple limb trauma in one go	Dr. Anjana Malhotra Microsurgery for scalp defects	Dr. Yujin Myung Machine learning strategies in microsurgical reconstruction	Dr. Abdurashit A. Kayumkhodjaev Plastic surgery of extensive tracheal defects
	Panel (4 speakers 1 hour 15(12+3)min each)			
	Hall A - Role of Ultrasound in Microsurgery Moderators - Dr. Eldon Mah, Dr. Leena Jain	Hall B - Lymphedema and Lower Limb Moderators - Dr. Thushar Thorat, Dr. Prashant Puranik	Hall C - Gender Reassignment Surgery Moderators - Dr. Sukhdeep Singh, Dr. Aniket Dave	Hall D- Complex Head and Neck Reconstruction Moderators - Dr. Sunil Gaba, Dr. Rajendra Dhondge
9:00 AM - 10:00 AM	Dr. Jin Geun Kwon Precise and comprehensive preoperative mapping has enormous potential and is very beneficial for every free flap surgery	Dr. Kahori Tsukurac Size Adjustment Suture Technique for Lymphaticovenular Anastomosis	Dr. Bauback Safa Refinements in Phalloplasty	Dr. Subramania Iyer Reconstructing the trachea: The next frontier
	Dr. Tarush Gupta Utility of doppler flow velocity in guiding safe harvest of suprafascial anterolateral thigh flap: A prospective case series	Dr. B.C. Ashok Use of Methylene Blue in LVA	Dr. Maneesh Singhal Setting up of a Transgender Centre at AIIMS, New Delhi	Dr. Pradeep Goil Scalp Defects
	Dr. Yujin Myung Advanced imaging strategies in lymphedema	Dr. Raja Shanmugakrishnan Congenital lymphedema: Syndromic associations	Dr. Raunak Goel Current State of Gender Affirming Care in India: Perspectives, Challenges, and Workshop Impact among Health Care Workers	Dr. Mohit Jain The Challenge Of Achieving Both Cosmetic And Functional Restoration In Large Facial Defects
	Dr. Hangyu Cha LVA & VLNT using high frequency ultrasound	Dr. JP Hong Further evidence in using Matriderm for difficult wounds		Dr. Saurabh Garg Free flap reconstruction in recurrent head & neck cancer
10:00 AM - 10:30 AM	Tea / Coffee Break			
10:30 AM - 11:30 AM	HALL A - MICROSURGERY QUIZ			
	Hall A - Head & Neck 7 Chairpersons - Dr. Vathsal Kothari, Dr. C.V. Ramani	Hall B - Upper Limb - 4 Chairpersons - Dr. Amrita Rao, Dr. Joseph Thomas	Hall C - Newer Frontiers Chairpersons - Dr. Abhijit Wakure, Dr. Ashit Patel	Hall D - Lower limb 7 Chairpersons - Dr. Haroon Rashid, Dr. Vitrag Shah
11:30 AM - 12:00 PM (6+2 mins)	Dr. Ernest Chiu Supraclavicular Flap for Oncologic Head/Neck Reconstruction	Dr. Anupam Golash Delayed Finger Replantation - How Late Is Safe	Dr. Rajesh Yellinedi Neurotization Of The Human Cornea - Long Term Outcome Of 13 Cases	Dr. Devajyoti Guin Functional Excision and Reconstruction of Advanced Lower Limb Sarcoma Using Microsurgical Techniques.
	Dr. Dhanushya Gohil Algorithm for management of Complex Maxillary Defects	Dr. Pawan Kumar Dixit Dorsal carpal artery perforator flap: Exploring anatomical characteristics and clinical implementation for defects over dorsum of hand	Dr. Raghav Shrotriya Indirect Corneal Neurotization For Neuropathic Keratopathy: Our Early Experience	Dr. Karthik Kumarasamy Evaluate And Analyse The Outcome Of Post Infective Diabetic Foot Cases Reconstructed With Free Flaps - Case Series
	Dr. Rahul Jain Maxillo-mandibular reconstruction of facial ballistic injuries using CAD-CAM technology - A retrospective study.	Dr. Rajendra Gujjalanavar FFMT for restoration of Function in Upper limb	Dr. G.B. Rajan Microsurgery in Moyamoya Disease	Dr. Ravikiran Naalla Microsurgical salvage following Grade IIIB open tibia fractures of lower limb: Functional outcome

12.00 PM - 12.30 PM		Hall A - Legal Issues in Medical Practice in Current Perspective - Dr Arun Gupta/ Dr Girish Tyagi			
		Hall A - Head & Neck 8 Chairpersons - Dr. Vathsal Kothari, Dr. C.V. Ramani	Hall B - Upper Limb - 5 Chairpersons - Dr. Amrita Rao, Dr. Joseph Thomas	Hall C -Newer Frontiers Chairpersons - Dr. Abhijit Wakure, Dr. Ashit Patel	Hall D - Lower Limb 8 Chairpersons - Dr. Haroon Rashid, Dr.Vitrag Shah
12:30 PM - 1:30 PM (6+2 mins)	<b>Dr. Raghuvir Solanki</b> Opposite Neck Vessels As Recipient Vessels In Revision Head And Neck Cancer Reconstruction - A Single Institute Experience	<b>Dr. (Lt Col) Arshiya</b> Retrospective analysis of paediatric brachial plexus injuries	<b>Dr. Nilesh Satbhai</b> Sentinel flap in Intraabominal Transplantation	<b>Dr. Swarup Venugopal</b> Diabetic Captial Of World - Why Shift From Traditional Reconstruction To Free Flaps In Diabetic Foot Wounds ??	
	<b>Dr. Mohit Parakh</b> Free flap outcome in HN recon post Neo-adjuvant chemotherapy	<b>Dr. Girija HR</b> Various Reconstructive Flap Options For An Elbow Defect - An Algorithmic Approach	<b>Dr. Vineet PIlania</b> Role of micro surgery in organ preserving procedures in UroOnco surgery		
	<b>Dr. Shruti Darak</b> Improvement in quality of life after secondary reconstruction in HN cancer	<b>Dr. Daniel Sandoval Franco</b> Concept of internal splinting for winged scapula using dynamic stabilisation with contralateral trapezium transfer case report	<b>Hall C - Post Infection Complication Management</b> Chairpersons - Dr. Aparna Sinha, Dr. Dhanushya Gohil		
	<b>Dr. Sara Ester Triatmoko</b> Radiotherapy Is Key To A Successful Reconstruction After Advanced Ear Canal Carcinoma: A Case Series	<b>Dr. Xianyou Zheng</b> Free scapular artery perforator flap for reconstruction of traumatic limb soft tissue defects: A prospective case series study.	<b>Dr. Ridima Behl</b> Optimizing Post-Covid Rhino-Orbital Mucromycosis Reconstruction : A strategic alogrithm		
	<b>Dr. Mohit Jain</b> Microsurgery for complex Head & Neck defects	<b>Dr. GS Kalra</b> Ligaclip Microvascular Anastomosis	<b>Dr. Mangesh Tandale</b> Reconstruction And Rehabilitation Of Postmucromycosis Maxillary Defects -A Study Of 75 Cases		
	<b>Dr. Meghna Reddy</b> Feasibility Of Flexor Hallucis Longus-Based Ramus For Mandibular Reconstruction In Head And Neck Cancers	<b>Dr. Sabari Girish Ambat</b> Free functional muscle transfer for upper limb	<b>Dr. Shreosi Sarkar</b> Challenges encountered with delayed reconstruction in ROCM survivors with free flaps		
	<b>Dr. Ebenezer Asirvatham</b> Columellar nasal subunit reconstruction with free vascularised chondocutaneous auricular flap : case report and literature review		<b>Dr. Neeraj Rao</b> Restoring quality of life: Assessing the impact of free flap reconstruction in corona virus disease 2019 associated rhino orbital mucormycosis patients		
	<b>Dr. Kommu Vijay Babu</b> Our experience with free flap reconstruction for head and neck oncological defects at a tertiary care center.				
<b>VALIDECTORY WITH LUNCH</b>					

# Posters

Poster Judging - Friday, 8<sup>th</sup> March 2024, 1.00 pm - 2.00 pm

Poster No.	Name	Abstract Title
P-1	Dr. Karnav Bharat Panchal	The Use Of Perforator Flaps For Anterolateral Thigh (Alt) Flap Donor Site Closure
P-2	Dr. Aniket Dave	Use Of Super-Thin Anterolateral Thigh Flap In Intra-Oral Reconstruction Of Soft Tissue Defects
P-3	Dr. Mangesh Tandale	Palliative Resection And Reconstruction In Head And Neck Cancers, a Review Of Twenty Two Cases
P-4	Dr. Sarika Gangwar	Management Of Spontaneous Life Threatening Massively Hemorrhagic Craniomaxillofacial plexiform Neurofibroma And Craniofacial Defect Reconstruction Using Microvascular Free Tissue Transfer
P-5	Dr. Ansarul Haq	MSAP Flap
P-6	Dr. Archana Sinha	Bridge Fasciocutaneous Flap With Recipient Vascular Pedicle In Cross Leg Free Flap: A Modification
P-7	Dr. Balaprasanth J	Proximal Versus Distal Vessel Anastomosis In Free Flap Tissue Transfer For The Lower Limb Reconstruction - An Outcome Analysis.
P-8	Dr. Erythrina Permata Sari	Free Fibular Flap for Limb Salvage after Bone Tumor Surgery
P-9	Dr. Aparna Sinha	Management Of Electrical Burn With Tracheocutaneous Fistula
P-10	Dr. Raja Tiwari	Unilateral Breast Reconstruction Using Stacked Free Flaps: Indian Perspective
P-11	Dr. Suvashis Dash	Single-Stage Radical Release For Severe Burn Flexion Contractures Of Knee And Elbow: Three Representative Cases
P-12	Prof. Narayanamurthy Sundaramurthy	Free Superficial Palmar Branch Of Radial Artery Flap For Finger Reconstruction
P-13	Dr. Thiyagarajan TS	Microvascular Free Toe Transfer For Thumb In A Case Of Symbrachydactyly With Transverse Growth Arrest
P-14	Dr. Raj Manas	Free Flaps In Children: Is It Worth Doing It?
P-15	Dr. Subashini Rajendiran	Second Toe Transfer : Recent Advances On The Vascular Anatomy
P-16	Dr. Nikhil Jhunjunwala	Free Vascularised Partial Great Toe Transfer For Finger Reconstruction: Time To Address The Donor Site
P-17	Dr. Onkar Kulkarni	Escape Plan With Internal Mammary Artery And Cephalic Vein For Head And Neck Reconstruction
P-18	Dr. Zhegang Zhou	Genital & Limb Lymphedema
P-19	Dr. Sara Ester Triatmoko	Evaluating Alt Free Flap For Parry-Romberg Syndrome Defect: A Case Report
P-20	Dr. Ahana Bandyopadhyay	Supercharging Of Axillary Nerve With Nerve To Triceps In A 5 Month Old Partial Traumatic Brachial Plexus Injury Of A Child
P-21	Dr. Long Peng Chan	Traumatic pseudoaneurysm of the common digital artery: a case report
P-22	Dr. Gabriel Alfonso Javier	Thin vascularized medial femoral condyle corticoperiosteal graft with skin paddle as a treatment for tibia nonunion with fracture blisters: a case report
P-23	Dr. Muhammad Tafdhil Tardha	Maximizing Efficiency in Head and Neck Tumor Ablation and Double Free Flap Reconstruction
P-24	Dr. Ashish Luthra	Using a microvascular free flap for reconstruction of post covid 19 mucormycosis defect
P-25	Dr. Meghna Reddy	Post renal auto transplant: A step toward organ preserving onco surgery
P-26	Dr. Janarthanan R	A Case Report on Complex Multiple Facial Subunit Reconstruction in Ignored Basal Cell Carcinoma

**CONFERENCES  
INTERNATIONAL**
